

Description

All Kleen is a concentrated detergent emulsifier formulated to clean and decontaminate agricultural spraying equipment, including spray tanks, hoses, boom nozzles and complete spraying systems. Its advanced formulation combines powerful surfactants and alkaline sequestrants to remove residual herbicides, insecticides, fungicides, oily residues and other chemical deposits. Regular use helps prevent cross-contamination between spray applications, maintaining clean equipment and supporting reliable spraying performance. Suitable for routine maintenance and end-of-season sprayer cleaning, All Kleen assists in prolonging the service life of spraying equipment by helping remove residues that can affect future applications. Proudly manufactured in Western Australia, All Kleen is suitable for farmers, contractors and agricultural operators who require effective cleaning and decontamination of spray equipment before changing products or completing seasonal maintenance.

ALL KLEEN

Tank & Boom Cleaning Solution

Features & Benefits

- Multi action formula
- Wide ranging compatibility
- Single cleaning product
- Safe on all equipment
- Prevents cross contamination
- Extends equipment life
- Simple cleaning process
- Effective on tough residues.

For Use On

- Agricultural tanks
- Pipes & Hoses
- Spray systems
- Spray nozzles

Directions for Use

Dilute 250ml per 100L of water. Wash exterior of tank and thoroughly flush lines and nozzles. Allow to fully drain, half fill tank with clean water and add correct dilution of product based on tank capacity. Allow pump to thoroughly mix solution and flush solution through entire system. Top tank up to full with clean water and allow to stand for 15 - 20 mins with agitation running. Flush entire tank via boom spray & lines. Nozzles, filters and screens should be removed and washed separately with ALL KLEEN solution of 25mls per 10L water.

Technical Information

Available Sizes: 1L | 5L | 20L | 200L | 1000L (IBC)

Appearance: Lemon Yellow Viscous Liquid
Odour: Characteristic
Solubility in Water: Complete

pH: 10.5 - 11.5 (Alkaline)
Specific Gravity: 1.10 - 1.12

Safety

POISON. Keep out of reach of children. Avoid contact with skin and eyes.
